**Mr. Jay Feldman Joins Pharmaceutics International, Inc. (Pii) as Head Information Technology**

PRESS RELEASE Hunt Valley, MD (November 19, 2020)

Mr. Jay Feldman has joined Pharmaceutics International, Inc. (Pii) as the Head of Information Technology.

Jay Feldman is a dynamic technology leader specializing in pharmaceutical information technology and management. He has over 30-years of experience delivering innovative technology solutions to pharmaceutical companies, contract development and manufacturing organizations (CDMOs) and healthcare businesses.

Jay's addition to the Pii team is part of a strategic effort to deliver better results faster for customers by reimagining the drug development process using technology-enhanced and outcomes-driven collaboration.

Prior to joining Pii Jay served in positions of increasing responsibility with Catalent Pharma Solutions, Optimer Pharmaceuticals, HighPoint Solutions, and IMS Health.

He earned a Bachelor of Science Degree in Computer Science at Drexel University in Philadelphia, Pennsylvania.

Pharmaceutics International, Inc. (Pii) is a US-based contract development and manufacturing organization (CDMO) with a passion for solving problems. Pii's Hunt Valley, Maryland campus includes 70 manufacturing suites with four integrated aseptic filling lines delivering quality, safety, and efficiency. Our professionals have extensive experience with small and large molecule compounds, developing and manufacturing complex parenteral drugs, extended-release formulations, non-aqueous injectable drug products, and lyophilization.
